Course Description: BUAD340/Lecture/A - Principles of Finance | Credits 3.00

This is an introductory course in finance. The course considers markets in which funds are traded, the institutions that participate and facilitate the flow of funds, and the principles and concepts of financial management needed for making sound decisions.

College Graduate Competencies:

The college graduate competencies (CGC) that are directly addressed in BUAD 340 are:

1. Think creatively, critically, logically, and analytically using both quantitative and qualitative methods for problem solving;
2. Appreciate, understand, now and pursue the principles, methods and subject matter that underlie the major discipline(s);

Course Objectives:

1. Understand the composition of the American financial system
2. Understand the role of government in financial markets
3. Understand and apply time value of money principles in real world situations
4. Understand and apply the principle of risk and return in investment analysis
5. Apply other principles of finance to real world applications
6. Utilize Microsoft Excel in financial analysis.

Attendance Policy:

In accordance with college policy, classroom attendance is required. The following standard will be applied:

1. If unexcused absences total 15% of the regularly scheduled class meetings, the instructor has the authority to lower the final grade by one letter.
2. If unexcused absences total 20% of the regularly scheduled class meetings, the instructor has the authority to give a failing grade.
3. Five tardies—arrival to class five minutes after class has begun—will equal one unexcused absence.

Technology Use:

LeMoyne-Owen College is committed to enhancing student learning using a variety of applicable technology. In this course, students will use or be exposed to Microsoft Teams, PowerPoint, and Excel and online finance resources.

Demeanor:

Suitable demeanor, posture and attire are required. For guidelines and the dress code, please refer to the appropriate pages of the 2020-2021 Student Handbook.

Classroom Policies and Procedures:

The classroom learning experience provides opportunities for faculty and students to engage in interactive exchanges of course content. To facilitate this exchange, the following guidelines are provided:

1. Because each class session covers vital material and information, it is important that students log in on time for each class session.
2. To enhance students' performance and confidence in acquiring the material, it is critical that students come to each class session prepared. This includes having easy access to class required texts, supplemental materials, and assigned work, which is provided on the course outline.
3. To limit unnecessary distractions which would deter learning, please keep your microphone muted unless sharing in class discussion or asking a question.

Faculty reserve the right to apply penalties for noncompliance to either or all the above guidelines.

Assignments and Submission Requirements:

Unless otherwise instructed, students will submit assignments by email or posted on our course Team Page to the instructor.

Assessment and Submission Requirements:

Students will be assessed based upon class participation, graded exercises, unit exams, individual and/or group projects, and a final exam.

Policies Related to Students with Disabilities:

If you need course adaptations or accommodations because of a disability, if you have emergency medical information to share, or if you need special arrangements in case the building must be evacuated, please make an appointment with Jean Saulsberry, Director of Student Development, as soon as possible at (901) 435-1727. The Student Development Office is located in the Counseling Center.

Grade Scale: 90-100 A; 80-89 B; 70-79 C; 60-69 D; 59 & Below F

Student Performance Evaluation:

Other Assignments	10%
Finance in the News	14%
Team Project	12%
Term Assignment	12%
Unit Exams (4)	32%
Final Exam	20%
<hr/>	
Total	100%

- Other assignments include online diagnostic exercises. Here's the link to part of the online assessment:
http://wps.pearsoned.co.uk/ema_uk_he_wachowicz_fundfinman_13/106/27149/6950232.cw/index.html. The instructor will post what exercises are due periodically throughout the course.
- Students will e-mail the instructor an e-"Finance in the News" update each Tuesday beginning August 18 and ending November 3 by 11:59 p.m. CT in the body of the e-mail, not as an attachment. See the "Finance in the News" example on Page 7 of this syllabus. Students grade will include posting on the course Team Page (or other designated media) comments about at least one new story submitted weekly.
- For the Team Project, the instructor will divide the class into four groups. Each team will conduct a financial statement analysis of one of America's top Black owned publicly traded companies. The instructor will provide a case analysis outline for each team.
- For the Term Assignment, each student will present a financial proposal for a business opportunity. Students must e-mail topics for the instructor approval by 5:00 p.m. CT Friday, September 4.
- We will have four Unit Exams. Since there will not be a make up for a missed exam, the instructor will re-weight the remaining three exams. Students will only have one excused Unit Exam. Online chapter quizzes will be counted as part of each Unit Exam.
- The Final Exam will take place on the date and time assigned by the registrar's office.

Note: Unless otherwise instructed, all graded exercises are due by e-mail to michael_minor@loc.edu by 11:59 p.m. the day the assignment is due.
